WORK EXPERIENCE

Project Management Executive
Cyber Square

Kozhikode, India
February 2023 – June 2023

- As a Project Management Executive, I successfully managed and handled various projects over 4- month period.
- My key responsibilities included organizing and overseeing the main company event, Digital Fest for Schools, scheduling and coordinating meetings for senior management and the CEO
- Meticulously maintained and flawlessly organized comprehensive records of school data in Excel sheets, ensuring unparalleled accuracy and efficiency.
- Managing the LMS platform provided to schools, and training teachers on its use.
- This role honed my skills in team collaboration, effective communication, and problem-solving, enabling me to handle complex situations with ease.

Python Django Full Stack (Internship)
baabtra.com

Kozhikode, India
October 2022 – January 2023

- Engaged in front-end development, creating user-friendly interfaces, and ensuring a seamless user experience.
- Developed and integrated APIs to facilitate communication between the front-end and back-end systems.
- Built an e-commerce website as a personal project using Django and PostgreSQL, which included features such as product listings, user authentication, shopping cart functionality, and order management.
- Collaborated with mentors and team members to enhance coding practices and improve project outcomes.

CERTIFICATES

Arizona State University Python Course (Coursera) 14 June 2024

Mastered the skills of coding in python and understand the syntax.

Python Full Stack (baabtre.com mentoring partner) 25 January 2023

Mastered the Django framework and Python language, along with JavaScript, HTML, CSS, and Bootstrap.
